mivero®

FLEX

ligaments • tendons • joints

for a functional musculoskeletal system

Product	pectin-based gelatines with bovine collagen, boswellia extract, hyaluronic acid, and vitamins
Developed	to support the functionality of the human body
Usage	a food supplement with a high concentration of active ingredients important for ligaments, tendons, and joints
Manufactured	in the EU by accredited producers with GMP and HACCP certifications
Packaging	60 pcs in a 250 ml transparent PET jar
Weight	gelatine 3 g ± 10 % jar 180 g ± 10%
Flavour	orange
Colour	yellow-orange
RDD	2 gelatines per day, chew and swallow

COMPOSITION

No added sugar, lactose, or gluten.
Contains only natural colourants.
Easily absorbed.

Active ingredients	2 gelatines	*NVR
Bovine hydrolysed collagen	350 mg	Not established
Hyaluronic acid	40 mg	Not established
Boswellia extract	30 mg	Not established
Vitamin C	60 mg	75 %
Vitamin D3	20 µg	400 %
Vitamin K2	80 µg	107 %

*NRV: Nutrient Reference Value according to EU Regulation 1169/2011

Complete composition

sweeteners: maltitol syrup, maltitol, sorbitol syrup; water; gelling agent: pectins; bovine collagen peptides; acidity regulators: citric acid, sodium citrate; vitamin C (ascorbic acid); hyaluronic acid (sodium hyaluronate); colour: curcumin; boswellia resin extract (Boswellia serrata); natural flavouring; vitamin K2 (menaquinone-7); vitamin D3 (cholecalciferol); glazing agents: vegetable oil, carnauba wax

EFFECTS

Healthier joints, cartilage, and ligaments

Vitamin C contributes to normal collagen formation for the proper function of cartilage and bones.

Collagen is the key structural protein in cartilage, ligaments, and tendons. In its hydrolysed form, it is easily absorbed.

Hyaluronic acid is a natural component of synovial fluid, where it binds water and supports cartilage elasticity.

Healthier bones and muscles

Vitamin D3 and vitamin K2 contribute to the maintenance of normal bones and normal muscle function.

Musculoskeletal functionality

Vitamin D3 plays an important role in maintaining proper muscle function and thus supports musculoskeletal functionality.

Boswellia serrata contains boswellic acids, which are scientifically studied for their anti-inflammatory effects. For centuries, boswellia has been used in Ayurvedic medicine to support mobility and joint health.

STORAGE

Store in a dry place at 18–23 °C
Protect from direct sunlight.

ALLERGENS

Eggs and products thereof	Does not contain
Crustaceans and products thereof	Does not contain
Fish and products thereof	**May contain traces**
Soya and products thereof	Does not contain
Peanuts and products thereof	Does not contain
Milk and dairy products (including lactose)	Does not contain
Shellfish and products thereof	Does not contain
Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut or their hybridised strains)	Does not contain
Sesame seeds and products thereof	Does not contain
Sulphur dioxide and sulphites >10 mg/kg or 10 mg/l	Does not contain
Celery and products thereof	Does not contain
Mustard and products thereof	Does not contain
Molluscs and products thereof	Does not contain
Lupin and products thereof	Does not contain

MANUFACTURER

mivero care s.r.o.
Company ID: 19379889,
VAT ID: CZ19379889
File no.: C 385670, registered with the Municipal court in Prague
Address: U Ladronky 1145/42, Břevnov, 169 00 Prague 6
